Short rappel canyon with fun potential

Access: (machine translated)
We leave the A12 (fribourg - Vevey) via the Bulle exit, bypass the city to the west and set course for the Jaun pass. At the hamlet of Im Fang we turn right, cross the Jaunbach and head for Schänis. 2.8 km after crossing the stream we come to a hairpin bend to the right and park our car here (for the approach see Google aerial photo in the photo gallery).

Approach: (machine translated)
To the entry would be 1.5 km on the road. From the car a few meters up the road, then left a shortcut trail that leads back to the road. The road walks towards the canyon rim. There are 2 tunnels. At the exit of the 2nd tunnel left down into the streambed.

Tour: (machine translated)
12 rappel, see topographic view, some slides, nice double step at the exit. Still a few meters downstream, then exit to the left.

Return: (machine translated)
Left up to the car in the hairpin bend.

Automatisch importiert von Descente-Canyon.com für Canyon Petit Mont Un bon débit. Mais qui ne pose pas de problème.Pour info, le toboggan de la vasque suspendue avant la C12 peut s'éviter par une MC en RD. Archi glissant... Automatisch importiert von Descente-Canyon.com für Canyon Petit Mont DC. Première corde fixe a changer bientôt, elle commence à être vieille. Les autres ont été changé dernièrement. Toujours sympa comme canyon. Un petit névé encore présent au millieu, ça passe dessous. (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/22870/observations.html)

Great canyon! 2 x 30m ropes are enough. There are a lot of traverese ropes installed, but some of them are damaged. The slides are okay but I wouldn't jump. (machine translated)
