Difficult due to the amount of vegetation on the slopes.

Access: (machine translated)
We arrive at Lanestosa by the N629 and from here by the BI3622 to Karranza. Or from Bárcena by the CA150 and then BI630.
At p.k. 58,8 we have the detour to Ranero and Santecilla, we will go up to Santecilla and follow the road until we leave the village by its upper part, now on a track. On this track heading north we will follow 600m, we will have a crossing where we will go to the right and soon we will park the access car.
The return is much simpler, by the track that goes to Paules, to reach the river Cuevas, before the bridge we parked.
