Specialities:

Gear:

Summary: (machine translated)
Aquatic canyon to enjoy in summer of its magnificent walls. If it is hot it is not necessary to wear neoprene. In winter or with high flow it can be dangerous because it is quite narrow.

Hydrology: (machine translated)
From the Canaleta fountain on the left side.

Access: (machine translated)
We will have to be located in Domeño (Romanzado).
We will take the A21 until exit 35, Lumbier. We will take this road, the NA150, to Lumbier. In the village we will continue towards Navascués on the NA178. In 6kms we arrive at Domeño and we find the detour to the right to Usún. In the village we will try to go down the track to the hermitage, if we can not leave the car in the village as close to the river as possible.
With the access car we will continue along the Domeño road to the Bigüezál bridge over the Salazar river, we can park here or further back along the Foz detour at the first bend.

Approach: (machine translated)
From the bridge or from the viewpoint, just go down to the river.

Tour: (machine translated)
Easy water descent through the Arbayun Gorge

Return: (machine translated)
After the Ermita de San Pedro bridge, the trail that leads to Usún starts.
