| Summary: (machine translated) Rappel canyon that exits at the sea. | | |
| Hydrology: (machine translated) Even in spring there is little water in the canyon. | | |
| Access: (machine translated) From Marmari, drive towards Karystos and on to Kornito. Continue towards Evaggelismo and take a sharp left turn onto a dirt road to the wind turbines. | | |
| Approach: (machine translated) From the parking lot, clearly visible trails lead down to the canyon. Alternatively, you can walk to the windmill and from there descend directly to the first rappel. | | |
| Tour: (machine translated) Varied tour in rather unusual scenic surroundings. | | |
| Return: (machine translated) Orographic left on numerous paths back to the parking lot. It is advisable to reach the next windmill, from then on there are roads. | | |
