Summary: (machine translated)
Dry, vertical, short canyon with 2 split rappels.

Hydrology:

Access: (machine translated)
On the A30 towards Cartagena, we will exit to take the service road at the height of San José de la Montaña.
We will take a small road that goes to the right and will take us to the parking lot (Puerta el Cigarrón in Maps).

Approach: (machine translated)
From the gate we will leave in search of a path that goes west to cross the wadi and climb to an old road (now track), we will follow it to the left, uphill. We will pass two sharp bends (right-left) and after 100m a path to the left (it says that it is a private property) will soon lead to the riverbed and from there to the head of the first rappel.

Tour: (machine translated)
Very short, a couple of rappels to approach the vertical of 28m divided into 18 + 10. Then we will have another rappel of about 10m divided to better recover the ropes.

Return: (machine translated)
We will follow the riverbed until we reach the access trail

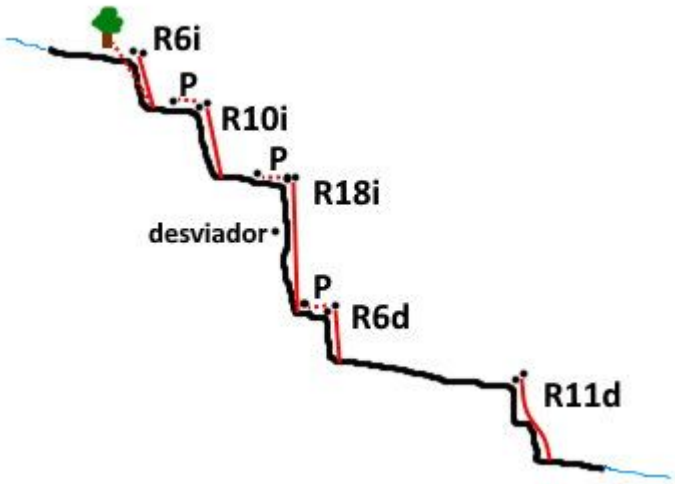

Coordinates:
