Approach: (machine translated)
Approaching Patxi, Skpat and Vent
By the track that goes down to the river, towards the Estrets of Arnes, soon becomes a path. From here we will have magnificent views of the Moles del Don. After leaving them behind, at the left turn of the trail we will see the Magi channel. We will look for the best place to cross the river and some milestones that lead us to the beginning of the equipped channel. It has a life line and staples for the most difficult steps. Once we leave we will have to follow south direction, here the path is lost a little, to go to look for the wall with the 3 channels, the first is Patxi, the second is ours.

Tour: (machine translated)
A first simple ramp to access the entrance of the vertical where we will have 5 chained rappels.

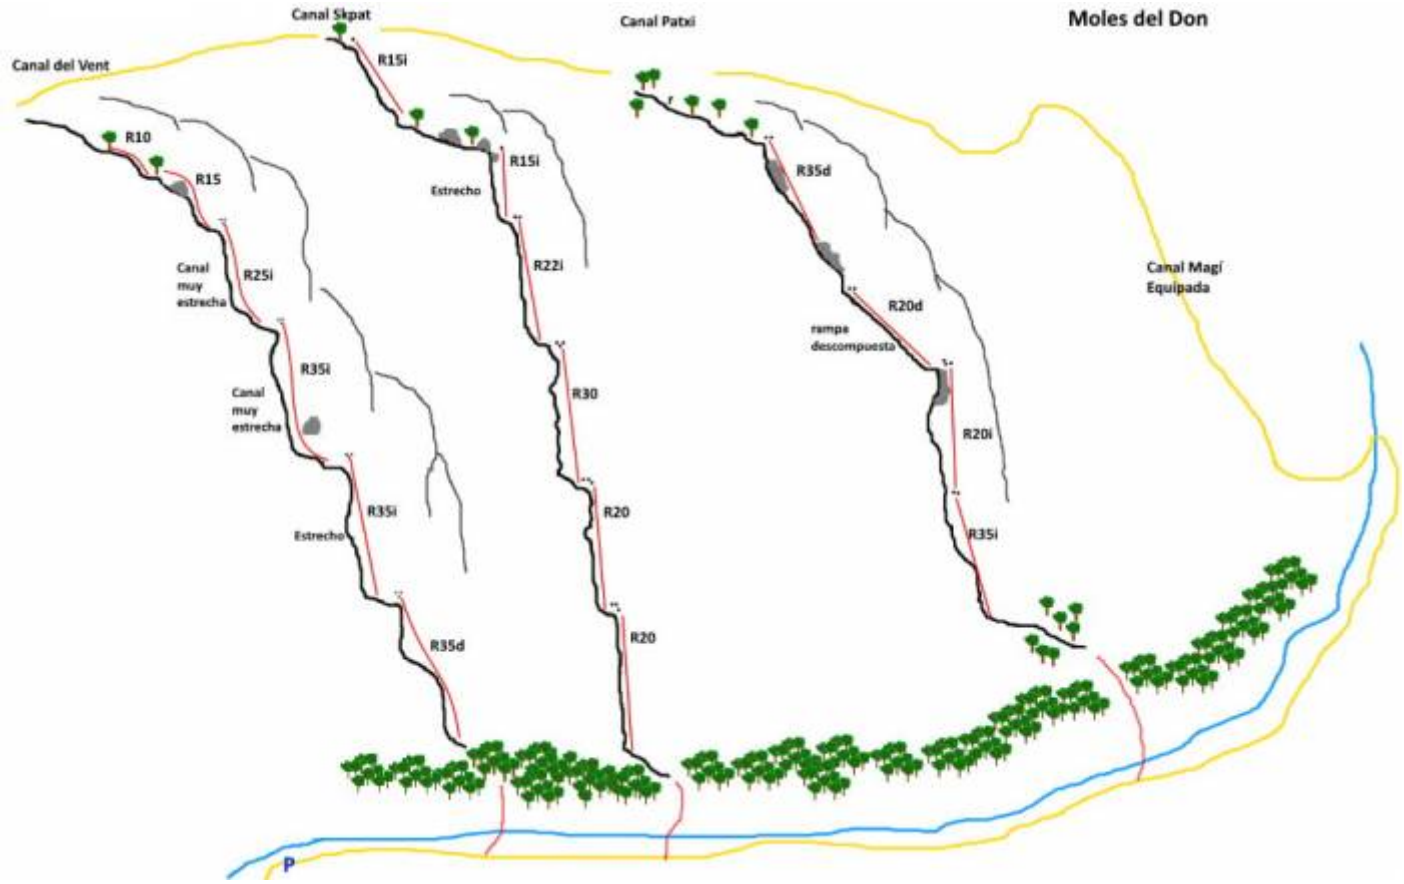

Return: (machine translated)
Without a fixed path we go to the river, cross it where we see evident and go up to the access path.
