Beautiful ravine with some slides. Still a lot of snow in the upper part but very grippy rock. All anchors OK. Some tricky downclimbs. 3 times defused with anchors. Longer walk in the middle. Is loosened up a bit by one or the other possible jump or slide. Nice final sequence with a nice sequence of rappels. Penultimate belay exposed and not easy to reach because the rock is slippery. All in all a nice tour (machine translated)
