Specialities:

Gear:

Summary: (machine translated)
Minor" ravine in the area of El Risco due to the existence of other more striking ones. Parallel to Hoya Laurel, we will share its access but we will access it earlier. We will finish the descent in the place of Charco Azul, a few meters below.
Technical equipment, as far as we know, not suitable for beginners.

Hydrology: (machine translated)
Unverified

Access: (machine translated)
Bcos El Risco area
We have to be located in the NW of the island, next to the Natural Park of Tamadaba, in the town of El Risco. Location of the banks Palmar, Juanjorro, Laurel and Molina.
We will go by the GC2 until El Risco where we will leave to take the GC200 south direction, when entering El Risco we have a parking on the right to visit the Charco Azul.

Approach: (machine translated)
Access to Laurel, Pilones and Molina banks
By the path of the Cuesta de López, same access to Lomo Molina.
When arriving at the top, after passing the Cuevecillas and before arriving at the track of Lomo de la Huerta, we will throw us to the left following the small path, this first riverbed to our left is ours, the following one is Hoya Laurel.

Tour:
Ver topo

Return: (machine translated)
Along the Charco Azul trail to El Risco

Coordinates:
Canyon Start 28.0461 -15.7287
Canyon End 28.0465 -15.7279
