Automatisch importiert von Descente-Canyon.com für Canyon Ternèze Fait plusieurs fois. Bien amortir les grands sauts sur les côtés dans la 1ere vasque. Très fun et ludique avec plein de MC en place pour sauter éternellement. Ça doit être sympa avec un plus gros débit. Automatisch importiert von Descente-Canyon.com für Canyon Ternèze En arrivant, nous avons cru que les guides étaient en grève personne.... puis après presque un premier parcours, un premier groupe est arrivé, et un second un peu plus tard, mais franchement très tranquille cet après midi ! Si quelqu'un y va prochainement, ce serait bien de resserrer l'écrou du point rive droite qui en haut du premier toboggan permet d'assurer les personnes qui en ont besoin.
