**Hydrology:**
Sí

**Access:** (machine translated)
We will go to Fiscal by the N260 from Sabiñánigo through Biescas or directly. Also the N260 from Ainsa
At the traffic circle we will take the road/track to Bergua where we will park.

**Approach:** (machine translated)
We leave the village towards the metal bridges (footbridges) over the river, to take the path that goes up to Escartin, this path has no complications. Once in Escartin we will go to the top and take a path heading north, quite lost, that without gaining too much height goes to the Seretas, from here, about 1400m high, this path leads us to our ravine.

**Tour:** (machine translated)
A multitude of slopes and small pools, lots of vegetation and only 5 rappels of up to 11m.

**Return:** (machine translated)
When we reach the Otal path, we leave the ravine and take it in a southerly direction until we reach the footbridges.
