Specialities:

Gear:

Summary: (machine translated)
The lower Trasito ravine remains very close to the village of Lamiana. Aesthetically very interesting canyon, with a first part of projections and marmites, where we will put into practice the technique of dexterity, and a second part, where the verticality will force us to rappel some waterfalls, but also enjoy jumps and slides in the narrowest parts of the descent.

Hydrology: (machine translated)
Up the tributary upstream

Access: (machine translated)
From Ainsa on the A-138 towards Bielsa. We cross Hospital de Tella and a few after the village we turn left onto the road leading to Tella.
After 8 km we arrive at Cortalaviña.
Situation Lower and Upper Transit
* 1 Car: We continue towards Lamiana and after 1.5 km we find a farmhouse in a sharp bend to the left, which is where the Upper and Lower Transit ends and begins.
* 2 Cars: we take the track on the left to Estaronillo. At the end of the track there is an esplanade (next to the houses) where you can park. The other vehicle goes back to the road and continues as far as Lamiana...

Approach: (machine translated)
Lower and Upper Transit Access
Immediate

Tour:

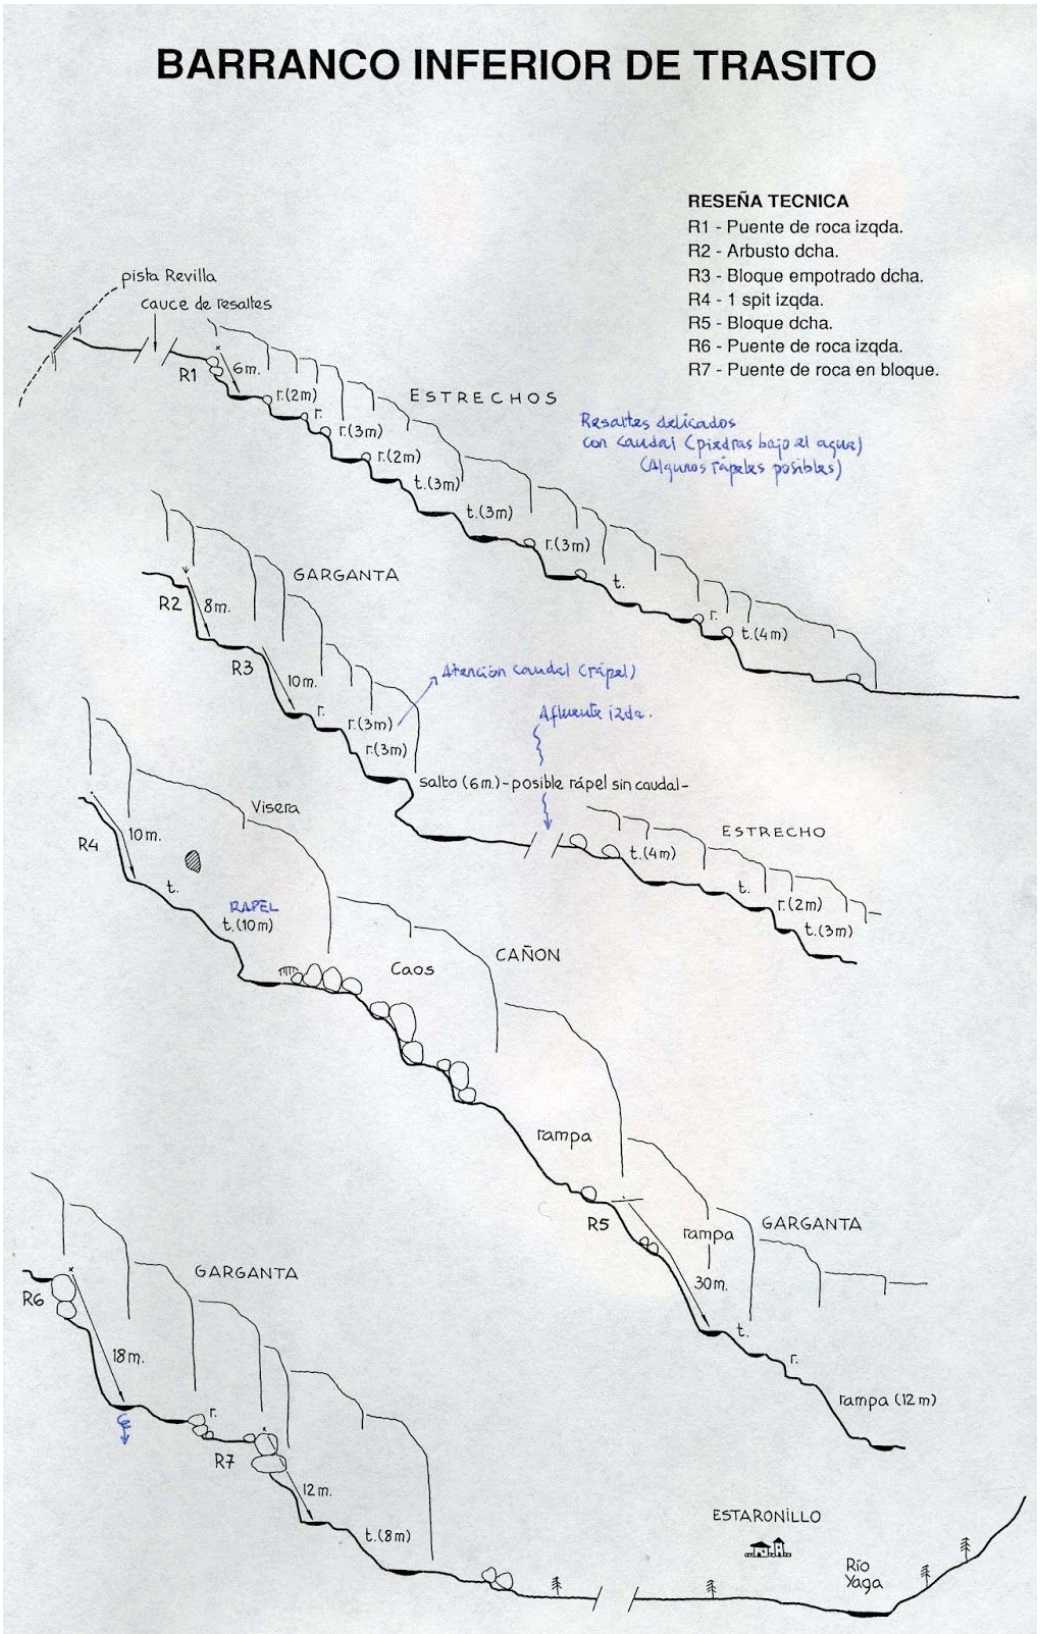

Return: (machine translated)
Two cars is immediate, you have to walk about 300m and exit to the right to take a path little marked that leads to Estaroniello.
If we have only one vehicle, at the end we go up the ravine by a path that climbs the orographic right. In an hour we reach a track, turn right and in 10 minutes we reach the bridge where we have the car.
