Summary: (machine translated)
Lush canyon for its vegetation, we will be constantly surrounded by jungle.

Hydrology:
No

Access: (machine translated)
Situating us in the area of Garafía, by the LP1, just in the pk. 55 we have the detour by the road of the Barranquera, to the 200m a group of houses and to the left a track that descends towards our ravine, place to leave the access car.
If we want to combine vehicles (we are not going to gain much) we will continue along the road for 2kms until a sharp right curve, straight ahead there is a track that goes down to the gallery "El Pinalejo" (return track), here we will leave the second vehicle.

Approach: (machine translated)
We went down the track to the riverbed, soon the first vertical

Tour: (machine translated)
Several verticals interspersed by the jungle walk areas in this excavated riverbed.

Return: (machine translated)
Once we reach the remains of the gallery/mine, we will take the track that leads up to the road.
