Summary: (machine translated)
In a wild environment near Couflens we find this beautiful waterfall that we can make when the rest are at high level.

Hydrology:
– TODO –

Access: (machine translated)
Situation Hoque de Barbaute, Cougnets, Plagnau Long
To get to Couflens, we are located in Saint Girons and we go up the Salat river until we reach Oust and by the D3 we pass through Seix, Moilin Lauga and Couflens. Just before entering the village we take the track that goes up to Rouzé. Park at the end of the track.

Approach: (machine translated)
Access: Barbaute's forest
A few meters below the farm there is a path on the right (GR10), we follow it until it crosses the stream, then we follow the path on the left. After passing a farm there is a path on the right, we take it and follow it. We will go over an altitude of 1000m. It will take us to the beginning of the ravine.

Tour: (machine translated)
Easy and fun descent with a multitude of ledges and some slides.

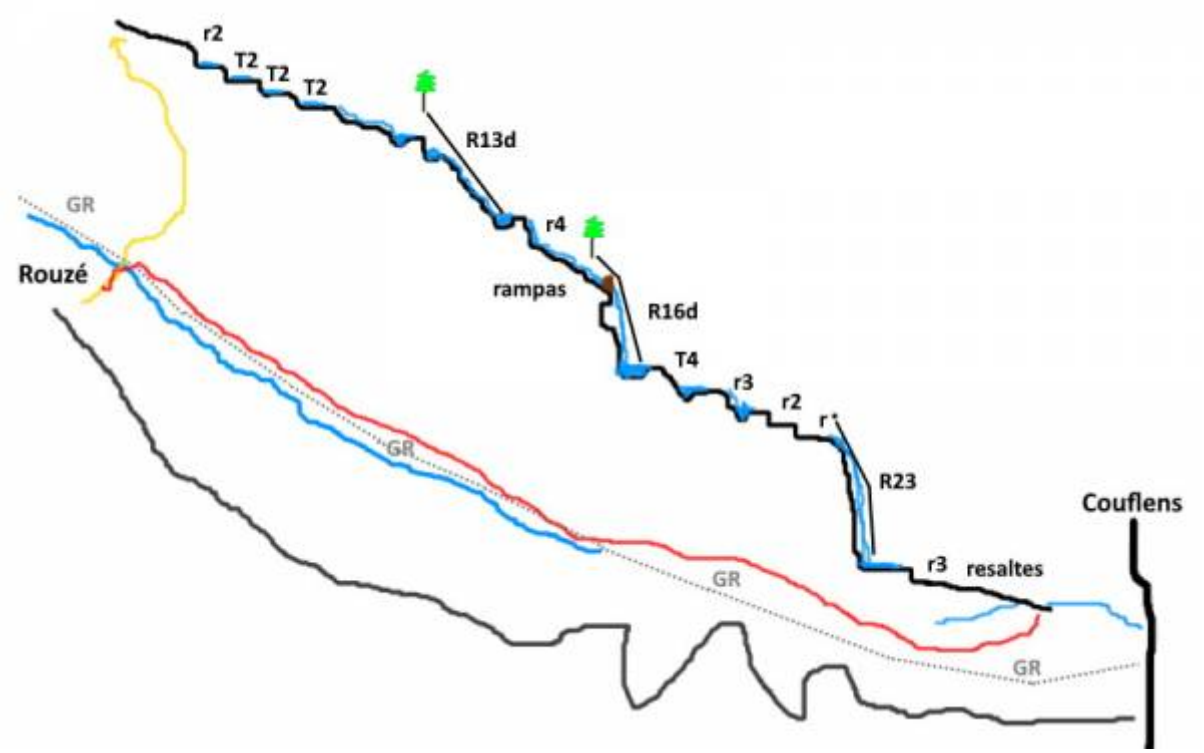

Return: (machine translated)
After the last waterfall opens the gorga, we continue and after receiving a tributary on the right. Here we exit to the right and through the field we head, without changing altitude to some farms and from here we continue to the right towards the GR10. We will go up to the car.
