Specialities:

Gear:

Summary: (machine translated)
Two parts of the same canyon, the first with short rappels and generally dry, the second with a couple of longer waterfalls and generally with some water.
Perfect to combine with the ferrata of La Trona.
We can make a combination of cars to save the ascent.

Hydrology: (machine translated)
All along the route there are trails that cross us.

Access: (machine translated)
We must be located in Vilaplana, for it by the C14, exit La Selva, we will continue on the TP7013 to Vilaplana.
By the T11 to the south of Reus, at the junction with the N420 we turn to the T704 to Vilaplana.
Once there we will take the T704 towards Prades and follow it until p.k. 20 where we will find a place to park on our left. Another option is to park at the junction with the TV4045 (Mont-Ral).
If we have a return car we will leave it in Vilaplana, at the exit of the Camí de les Tosques.

Approach: (machine translated)
Along the GR to the ravine

Tour: (machine translated)
The first part is dry, full of cliffs and rappels. In which we will leave the via ferrata on the right.
In the second part, after the Bco Colomer and the Font del Roure we will find water and its two waterfalls.

Return: (machine translated)
We will follow the orographic track on the right "Camí de les Tosques" to Vilaplana.
Another option is to go up the trails that lead us to the Mussara area.
