| Summary: (machine translated) Raw data import from Ropewiki https://ropewiki.com/Veveyse_de_F%C3%A9gire Not very exciting tour because simply too flat, about 4 rappels on about 3km. Flat canyon with the possibility to get off between the individual drops - not a bad option for an "after-work tour". (machine translated) | | |
| Hydrology: (machine translated) Medium-sized catchment area, so wait a while after the rain. | | |
| Access: (machine translated) Either park at the bottom and walk up in the forest to do the last 2 steps, or park at the top and then walk along the streambed forever. | | |
| Approach: | | |
| Tour: (machine translated) Two individual rappels in the upper section, unfortunately always interrupted by runs of over 500m. At the exit there is a nice gulch with a 20m waterfall, but that's it. | | |
| Return: (machine translated) In 5-10 minutes you are back at the road along the streambed. | | |
| Coordinates: Canyon Start 46.5081 6.9219 Parking at Entry 46.5137 6.9113 | | |
