2023-07-17   Bubtore   ★★★★★   📖★★★   ⚓★   🌊 Normal   🍀 Completed Have walked the stream from an altitude of 2180m. Interestingly, the parts between 1900m and 1800m are not equipped, but after that again. So the next group should definitely take about 8 anchors with them (+2 reserve for more stupid downclimbs). All in all a superiore day tour! (machine translated)
