Summary: (machine translated)
Perfect to enjoy a day of canyoning in spring. A jump and the shuttle slide will delight everyone.

Hydrology: (machine translated)
Several along the descent

Access: (machine translated)
Location Hoque de Barbaute, Cougnets, Plagnau Long
To get to Salau, we are located in Saint Girons and go up the Salat river until we reach Oust and along the D3 we pass through Seix, Moilin Lauga, Couflens and Salau.
We cross the village and continue towards the old mines of Anglade. After the third sharp bend there is a parking area. We park

Approach: (machine translated)
From the parking the track that goes up to the Salau pass starts. After the area of twisty curves, soon a path comes out on the right that goes down to the river at 1250m.

Tour: (machine translated)
Outside the rainy season and the spring after the first rappels we will find nothing but pools and a trickle of water. The descent is simple and with the possibility of escape in almost any place.

Return: (machine translated)
At the end of the fattened area we turn right and cross the field towards the access road.
