Great value. The start to the approach is a little hard to find - walk east of the bridge, then between two road edge reflectors about 40m apart, you'll know youre in the right place when you find the worn track. Quick walk in. A number of little jumps, an awesome main abseil just before the wicked final slide into the pool below the bridge.

Short but great, actually every single spot is worthwhile. Cool jumps, fun slides and ideal rappels. (machine translated)
