Gear:

Summary: (machine translated)
Nice aquatic trekking through this forat. Very fattened, well formed and possibility of giving us a good bath in summer. The pity is that it is very short

Hydrology: (machine translated)
Not in the gorga

Access: (machine translated)
We must be located in Isona, where we will arrive from Tremp by the C1412b, or from Coll de Nargo by the L511. Once in Isona, leaving towards Coll de Nargo on the L511, at km. 3 we have on the left the detour to La Abella de la Conca. Just before reaching the village we can park.

Approach: (machine translated)
We will cross the village and follow the track towards the Molí. Once here we see a small path to go down to the riverbed.

Tour: (machine translated)
A beautiful short gorge where you can enjoy the excavated walls and swim in the final pools.

Return: (machine translated)
Leaving the gorga we reach some pools/swamps, here there is a track on our right that will take us up to the road.
