**Return:** (machine translated)

The return journey is made more difficult by the new FlemXpress. As of 01/2025 (still in test operation), it is not possible to take the lift directly down (neither Foppa nor Startgels). You have to ride all the way up to Nagens Sura to be able to ride all the way down again.

Be careful with tickets with a single ride to Stargels for access! Possibly no return journey possible. It is also not possible to buy a ticket to Nagens, as the gondola does not stop in Foppa/Startgels on the way! (An employee let us ride from Startgels to Nagens free of charge and we stayed in the gondola and rode down)

Currently a borderline amount of snow and ice in the canyon. Challenging winter conditions at the moment. Abalakov technique should work. (machine translated)

2023-10-01 | Christian Balla | ★★★★★ | 📖★ | ⚓ | | 🛑 Not done

Flims-Foppa-Naraus cable car has now been dismantled. The canyon is therefore currently difficult to reach. (machine translated)
