The access car, at the exit (South) of Mogón there is a sign to "Cuevas del Peinero" which crosses the Guadalquivir. We take it and continue towards the Aguascebas reservoir, just before arriving there is a change of gradient and on the right there is a track, we take it and park on the hill.
The return car, we continue 50m further along the road and another track on the right. After passing a rural house we parked, the descent to the bridge can be complicated.
