Summary:

Hydrology: (machine translated)
No, mid-slope and difficult because of the closed terrain.

Access: (machine translated)
Location Saldes ravines
We will be located in Saldes, for them between Berga and Puigcerdà, just before reaching Guardiola de Bergueda, after leaving the tunnel we have the detour to the left by the B400 to Saldes and Vallcebre.
Access to Saldes ravines
Before reaching Saldes, just before crossing the bridge we have the detour to the right to Gresolet by a track. We get in here and follow the signs to the Sanctuary.
Arriving at the confluence of the Gresolet with the Saldes we have the refuge of Cal Ferrer, here we leave the car of return.
With the access car we continue towards the sanctuary and climb the Coll de Bauma, we will continue straight ahead towards Gisclareni and after passing the Coll de la Bena we reach the asphalt and Gisclareni where we will turn to Cal Jovell.

Approach: (machine translated)
Access to Vallpregona and Cresto ravines
From Cal Jovell by the path that takes us to Col de Vall regona.

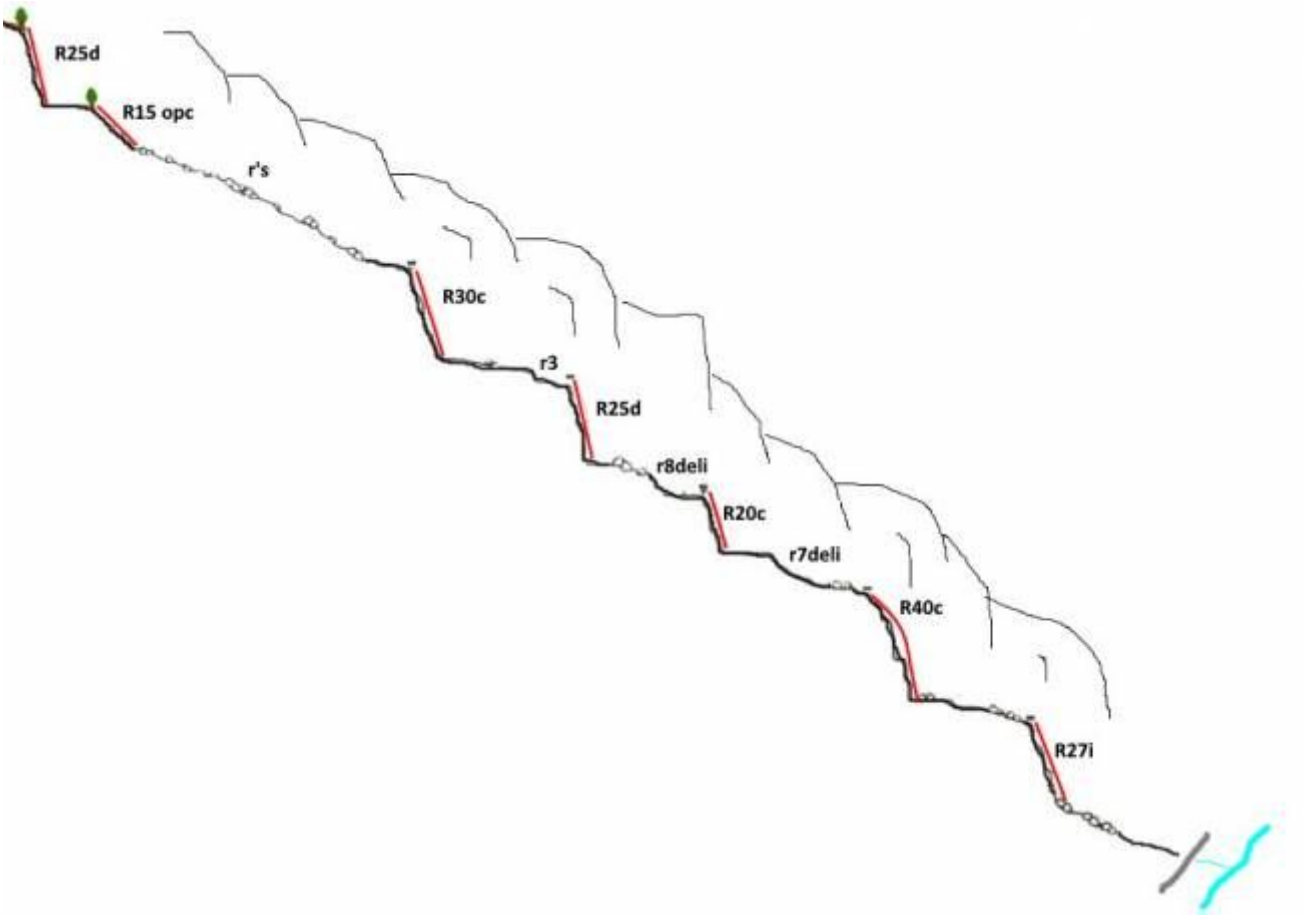

Tour: (machine translated)
Generally dry descent but with good verticals.

Return: (machine translated)
Just before reaching the Saldes river we find a path, we take it to the right and it leads us to Cal Ferrer.
