Specialities:

Gear:
Ropes: 1x30

Summary:
Abseil and hiking canyon, always in abundant water but unfortunately polluted from the above village. 5 abseils of which the highest is only 10m make it an ideal beginner canyon.

Hydrology:
en todo el recorrido se puede salir

Access:
Debemos llegar a Júzcar, para ello iremos por la A397 (San Pedro de Alcántara - Ronda) y desviarnos por la MA7306 a Júzcar. Cruzamos el pueblo y al poco de salir, una curva cerrada a derecha. Cogemos la pista de la izquierda que tiene indicadores a la zona de baño y al camping.
A unos 900m tenemos sitio para dejar el coche de acceso.
Seguimos hasta abajo y al llegar al río buscamos donde dejar el coche de retorno.

Approach:
Juzgar, aka the smurfvillage, either park in the village and hike down from there. Or take a steep and curvy road to the below factory by the exit of the canyon, from which you hike up or do a shuttle. Other - and recommended - option is to park at the exit of Majales canyon and combine both canyons, visit Juzgar and go for food etc on the return hike.

Tour:
Sencillo barranco con 4 rápeles y varios destrepes, alguno se puede rapelar.

Return:
Possibility to clean the material at the local swimming pool and fountain (shortly before P at the exit of Majales canyon).

Coordinates:
Canyon Start 36.6171 -5.1708

Very polluted -directly after the source- from the above Juzgar village. Done Majales + Sima del Diablo combo. Both can be done with 25-30m of rope.
