Simple ravine, parallel to Bonyiga, of no great interest.

Hydrology:
Sí

Access: (machine translated)
We must approach to Beceite by the A-2412.
Cross the village looking for the signs to Parrissal and continue along the road/track for 3 kms. Here there is a track on the right that crosses the river, which we will follow until we reach Mas de Formenta (a flat area with a pond and a hut on the left). We will see a track in worse condition that comes out on the left, we will go along it crossing the stream several times until it ends. There is a small esplanade where you can park, the same parking of Bonyiga.

Approach: (machine translated)
Where the track ends a path to the right that climbs up the slope to, between the forest, reach the mountain edge. The trail continues to climb leaving both sides of the mountain until about 1000m, we will continue until a track that we will take to the right and go down to the riverbed. We will follow it until it gets fat

Tour: (machine translated)
Simple, without great difficulty

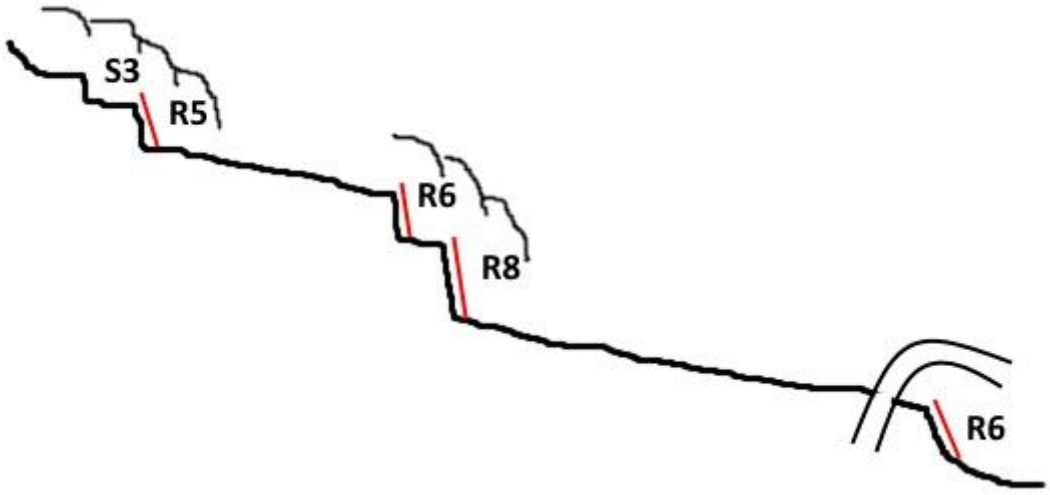

Return: (machine translated)
We will follow the riverbed to the track
