Ropes: 3x100

**Summary:** (machine translated)

The 417m high wall is impressive and the anchors are probably hard to find

## Hydrology:

## Access:

## Approach:

## **Tour:** (machine translated)

Before the imposing wall starts, the canyon begins with some beautiful rappels in the forest. Slowly the view of the mountains opens up and it gets steeper.

The anchors in the high wall will not be easy to find, so be sure to bring a drill and plenty of anchors.
