Follow the SS-5 parallel to the A-24 for 3.7 km in the opposite direction (Chieti, Pescara) and then turn right to Manopello (4.7 km). From here continue southeast to Serramonacesca (about 4 km). In the middle of the village follow the sign for the Abbazia di San Liberatore a Majella to the south. At a junction outside the village, take the road on the left and you will quickly reach the church, where there is also a place to park.

Continue along the road, cross the Alento on a bridge and continue for about 400 meters. Then, from the road, the view of a small waterfall opens up. 50 m further on, look for the path to the stream (470 m a.s.l.).

Tour: (machine translated)

Nice walk in a forest canyon with fresh water. Avoid times with heavy crowds in the church.

Return: (machine translated)

After passing under the road bridge, you come across a hiking trail. You can now use this or continue along the streambed, can look at the tombs carved in tuff above on the right and finally comes to a small square with benches, where the path leads across the streambed and in a few minutes left up to the starting point. If you feel like it and who is not afraid of the ascent left through the vegetation, you can also take the 3 pools below the streambed crossing.
