Access: (machine translated)
We must be located in the beautiful village of Camprodon, in the heart of the Pyrenees of Girona.
We will take the C-17 to Ripoll, there we will take the C-26 and then the N-260 towards Sant Joan de les Abadesses, where a little more than a kilometer past the town we will take the C-38 towards Camprodon.
Before arriving at Sant Pau de Segúries, at km. 2 is the Pont de la Forcarà, before crossing it we have a place on the right to park without disturbing (agricultural road).

Approach: (machine translated)
We will continue along this track (GR), we will cross a first stream and in the second one, almost a kilometer after starting to walk, in a sharp left curve, we will find our torrent.

No big deal, a few drops, two natural rappels and then we reached the Ter.

Return: (machine translated)
Along the bank of the ter up to the previous stream where we go up to the access track.
