Automatisch importiert von Descente-Canyon.com für Canyon Rio Sourd Juste assez d'eau pour s'amuser. Très beaux encaissements. Attention les indications de marche d'approche ne coïncident pas avec la carte. Nous avons marché jusqu'au point de la carte (il y avait un petit pont), et ça se fait bien, mais il faut ensuite faire 15-20 min de rando aquatique sans grand intérêt. Il y a apparemment une sente juste après le 7e lacet qui permet de descendre beaucoup plus rapidement au départ "sympa" du canyon.
