2024-10-02   Pepijn Hoeksema   ★   ★   ★   ★   Low   Completed We did this canyon because there was too much water in the Tailles. There are now also points halfway down the 100-meter waterfall. Nevertheless, bring an extensive kit to replace bolts. Also, bring a few slings to use around trees. With a few extra anchor points, the canyon becomes much more attractive. Glad to have done it and check it off the list, but it's not a trip I would choose to do again.
