Take the Sp54 from Mergozzo in the direction of Domodossola as far as the hamlet of Bettola. About 150 m after the bends you will find 2 parking spaces on the left.

Approach: (machine translated)
A path begins opposite the parking lot, which quickly divides in the forest, keep right towards the last waterfall. Then the path turns left and goes steeply uphill, partly exposed. Follow this path until you come to a wall, which you follow to the right until you reach the streambed.

Short canyon but with some fantastic verticals, one above all the 55 m... with really exciting high reach! Approach a bit overrun with brambles, steep and in my opinion shorter than the description. We picked the right day! (machine translated)

We fully agree with the last ascent. Took the ortographic right path which was top. Longest rappel more towards 55m (machine translated)

Access (orpg. right) from Baracca (420m) difficult to find. Not easy to walk at the top. There is an old ropes and a clothesline which helps a little. A lot of roses with thorns at the top. The upper part (from the GPS point) is definitely not worth it! There are no anchors (rappel on trees is no problem) and you walk mainly on scree (water is under the scree). The last part is very beautiful. I would recommend crossing the hiking trail (Linea Cardorna) from Baracca (420m) to the stream. Then you should get pretty close to the first anchor in the stream. But recommended here as an afternoon tour. Currently hardly any water. (machine translated)

Little water, fun, short tour with deep abseiling channels. (machine translated)
