Summary: Abseil canyon		
Hydrology:		
Access: Drive from Bovec in the direction off Kobarid, after the town Žaga after a long right corner, there is a gravel pad on the right, take that at the end you can park your car.		
Approach: From the parking walk up the stairs following the approach from Suseč inf, at the junction after 20 mins walking up keep going straight, after 10 mins on the next junction turn left. Keep following this trail up the mountain until you reach a house, after the house leave the trail straight on, follow the ridgeline until you reach the creek.		
Tour: After a couple of little climb downs, around 10 mins, you reach the first of 25m waterfall. After that follows a 10 m rappel, following a 2 meter slide. The highlight is the next 45 meter beautiful waterfall covered in moss. Short hike on a very unstable terrain (rockfall) you reach the last 8 meter waterfall or jump of the upper part. After the last waterfall in the canyon you need to walk 5 minutes until you reach the end of the canyon, Here you have the option to do suseč inferiore (1 hour back to the car) or take the hiking trail (20mins back to the car). Just keep in mind that in July and August Suseč inferiore is extremely busy because it is guided commercial		
Return: After finishing the lower part, you get directly back to the car

Reports:		
2025-06-07 Ales ★★★★★ 📖★★★★ ⚓ 🌊 Normal 🍏 Completed Upper part slightly slippery, all anchors fine. Water level just right		
2024-08-30 Tjaz ★★★★★ 📖★ ⚓★★★★ 🌊 Low 🍏 Completed All anchor points in good condition. Have to be careful when abseiling the big waterfall. Some rocks can move, one fell on my knee. The biggest waterfall is not more then 45 meters, I would say 40. So no need to take 60 meter ropes. Dont drink water after big waterfall because of dead animal.
