Access: (machine translated)
Vall d' Uixo I and II
Take the T333 towards Horta de Sant Joan. We pass the detour and 100m later on the left we have the detour to "Els Ports" and we continue to the recreational area of the Franqueta. Continue along the track (now unpaved) and continue to the junction with the river Uixó. Here we leave a car. If we have another car (4×4 or tall car) we can continue along the track).

Approach: (machine translated)
Vall d' Uixo I and II
We continue along the ascending track, at the top we will see the two ravines of Uixó. We go down to the pond and enter the ravine.

Tour: (machine translated)
Dry canyon in the first part and without big rappels that can be used for initiation. Once it joins the left tributary it gets some water and becomes a canyon to be able to make jumps.
