Make your way to the start directly below the hamlet of Agro.

Tour: (machine translated)
Beautiful pools, little cut in.

Siphon at the foot of the first large waterfall (avoid at all costs on a small RD course at the edge of the pool). On this climb, the first person must arrive without a rucksack.
Sunny around noon, beautiful colors of the rocks and water. One of the most aesthetic canyons in Ticino, even if it is not very narrow.

Cool thing, if it were less remote it would certainly be one of the classics. (machine translated)
