Specialities:

Gear:

Summary: (machine translated)
Gully without much water, generally dry in summer. After rains in spring it gains a lot.
It is an area of quite a lot of cattle, then there can be ticks, be careful with the accesses and returns.

Hydrology: (machine translated)
Possible to the right

Access: (machine translated)
We will be located in Morella, on the N232 towards Alcañiz.
We go up to the port of Torre Miro and after the port, at the height of the wind turbines we take the track that goes to the left.
Follow the track to the top of the hill at the foot of the mills. The track that comes out in front, if we can pass the fence we follow it in the car, if not we park here.

Approach: (machine translated)
Access bco In Gerona and Salt Cabrer
Following this track after the fence we will arrive at a farmhouse and after it two twists, we will pass another fence and two other twists until we arrive at the farmhouse of Martí. Here we leave the track to the left to the already obvious bend. Avoid areas with a lot of vegetation because of ticks.

Tour: (machine translated)
Easy descent with little water except after rains. It has a couple of pools in which we can jump.

Return: (machine translated)
After the last and highest rappel we will arrive at the bco En Gerona and to the right we will have the track that goes up to the Cabrer farmhouse and from there to retrace the access road.
