Summary: (machine translated)
A classic of the Ariege, small jumps, beautiful crags, an easy access and return make it a good place to start canyoning. It is equipped, by local guides, with fixed ropes on the obstacles that can cause problems. At the beginning of the season it is necessary to be careful with the flow, which is usually high.

Hydrology: (machine translated)
Several on the orographic right bank

Access: (machine translated)
We have to go to the Cagateille Cirque parking lot, for this we arrive at Saint Girons and go up the Salat river until we reach Oust and on the D3 we pass through Seix and Moilin Lauga until the detour (on the left) to Ustou on the D8. Pass through Le Trein and turn right on the D38 to St Lizier and continue to Stillom. Cross the river (Cirque de Cagateille) and continue to the end, Cirque de Cagateille parking lot.

Approach: (machine translated)
Cagateille and La Hillette access
We leave by the path on our left towards the cirque. We go into the forest and after crossing the stream we go down to the right towards the watercourse.

Tour: (machine translated)
It begins with a series of cliffs that take us into the most boxed-in area with its rappels. Be informed of the flow rate and that the fixed ropes are installed before entering the area.

Return: (machine translated)
After the last rappel we go up through the forest to the parking lot.

Automatisch importiert von Descente-Canyon.com für Canyon Cagateille Canyon qui pourrait être super sympa, joli et ludique ! Dommage : Aqualand ! Le business des guides du coin ... Beaucoup de monde. On s'est retrouvé au milieu de trois groupes. Canyon suréquipé, mains courantes partout et des cordes pour descendre les rappels qui restent carrément en place entre les différents groupes (relais surchargés) ! Bref dommage, ça ne vaut pas franchement le coup à cette période ! (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/21057/observations.html)
