From the CC-913 road, 200 meters after passing the bridge of the Garganta Mayor (Pilatillas) go up the concrete track that goes off to the left. Continue north on the most obvious track (2.750m), at a crossroads leave the car (unobstructed).

Approach: (machine translated)
Approach 1:
From the parking lot, start walking in a straight line, following the same level, leaving some meadows on the left and heading towards a large chestnut tree until you reach the bed of the gorge, next to a ford.
Approach 2:
We continue along the north track (left) and take a path not very marked on the right that zigzags until it reaches a track, which we will take to the left until the houses of the Revellón, Pasamaos the houses and go down to the riverbed next to a ford.

Tour: (machine translated)
The descent begins with a series of drops and jumps to reach the Chorrera Mayo, from here there are six rappels of 12, 10, 20, 20, 15, 15, 15, 13m to reach the corridor that ends at the Charco Hondo, the final point of the descent.

Return: (machine translated)
Return 1:
You will have to look for a very closed path on the left, up the same slope of young oaks until you find it and follow it to the beginning of the descent. Take it easy during the ascent because it has a lot of vegetation and unevenness.
Return 2:
Take a path to the left that keeps the contour line until you reach a track, which we will follow until we reach the cars in about 1 km.
