Summary: (machine translated)
Bathing hike

Hydrology:

Access: (machine translated)
Same approach as to Canyon De Lora - see also Google map in "Photo Gallery" An approach to the designated parking area depends on the vehicle (4x4) and / or the condition of the slope; possibly the slope is then also - already at the bridge of Marion - closed. This would then extend the times for arrival and return march (an additional 1.5 km each) accordingly.

Approach: (machine translated)
We follow the slope on the orographic. left slope, cross the Mera and continue to the entry.

Tour: (machine translated)
Gump hopping (to 10m) and "Nabada" to the exit. After the inflow of the Mela (from the left) we reach a large pool. After this we get off on a path crossing here to the left.

Return: (machine translated)
On the dirt road up to the slope and there right to the car.

Automatisch importiert von Descente-Canyon.com für Canyon Sainte Lucie Barrière sur la piste encore repoussée jusqu'au grand parking payant pour la "régulation du flux touristique" de la vallée du Cavu qui court de Juin à Octobre. Possibilité de navette jusqu'à la buvette (sinon 20/25 mn de marche), ensuite, il faut 5 km de marche pour atteindre le départ de la rando aqua. Par manque de temps je n'ai réalisé qu'une courte section du parcours en accédant rive droite par le sentier "Boucle de Lora" 250 mètres en amont de la "Cascade Cavu" noté sur google maps. Bel environnement, grande vasque claire et eau à 25 degrés, quelques baigneurs, mais plutôt calme par rapport à l'affluence estival en aval.
