<b>Specialities:</b> suitable in rainy weather,		
<b>Gear:</b> Ropes: 2x 20m		
<b>Summary:</b> (machine translated) Very short but strongly incised canyon in the limestone.		
<b>Hydrology:</b> (machine translated) Small catchment area, almost always available.		
<b>Access:</b> (machine translated) The drive up takes a while, the mountain road is single lane and has lots of bends. The canyon is definitely faster than the drive up.		
<b>Approach:</b> (machine translated) A trail goes up directly between the canyon and the gulch south of it. This is the quickest way to the start.		
<b>Tour:</b> (machine translated) A few small rappels and you're out again.		
<b>Return:</b> (machine translated) Just a few steps and you're back at the car.

2022-07-04   Bubtore   ★★★  📖 ★★  📍★★  🌊 Normal  👍 Completed Have probably set the record for walking time. 15 minutes from car to car. We didn't even stuff the ropes back into the rucksack but threaded them straight to the next anchor. (machine translated)
