Summary: (machine translated)

Very alpine channel in Tavascan, great vegetation and lots of logs on the descent.

Hydrology:

Access: (machine translated)

By the N260 to Sort, once there we turn off on the C13 to Llavorsi.

In Llavorsi, just at the entrance, after the bridge we turn right onto the L504 to Alins/Ribera de Cardós/Tavascán following the river Cardós, a wide and magnificent valley. After almost 4kms we will have a traffic circle, we will continue on the left to Tavascan.

We will arrive at this pretty village and park on the bridge that crosses the river right on the path of the GR.

Approach: (machine translated)

We will go up the GR until we pass the Bordes de Colomer, shortly after a path to our left that will leave us in our canal.

Tour:

Return: (machine translated)

We will reach the river, we will have to go left towards the bridge.
