Specialities:

Gear:

Summary: (machine translated)
Dry canyon, except for heavy rains, with 4 rappels, two of which are overhanging. Complicated rope recoveries

Hydrology:
Sí

Access: (machine translated)
We will have to be located in Pizarra where we will arrive from Malaga by the A357.
Just arriving to Pizarra, in the p.k. 21,4 we have an exit to the right that we will take to continue towards Fuente Luna (there are indicators of PR-A 128).
The other option is from the village of Pizarra to go up towards the soccer field and behind it take the Guadalhorce street, from there a track towards Fuente Luna.
On the track that goes up to the Santo, once we are up we will pass the antennas next to the Cerro Cruz and park.
With the return car, from the crossing of tracks of Fuente Luna, we will go towards the east, soon we leave a track to the right and we continue surrounding the mountain until the following crossing in which we glimpse the exit of the Mijarra Stream.

Approach: (machine translated)
Access bcos Mijarra, Raja Ancha and Castillejos de Luna
We left to the right towards the bed of our ravine, we will look for the best way to descend.

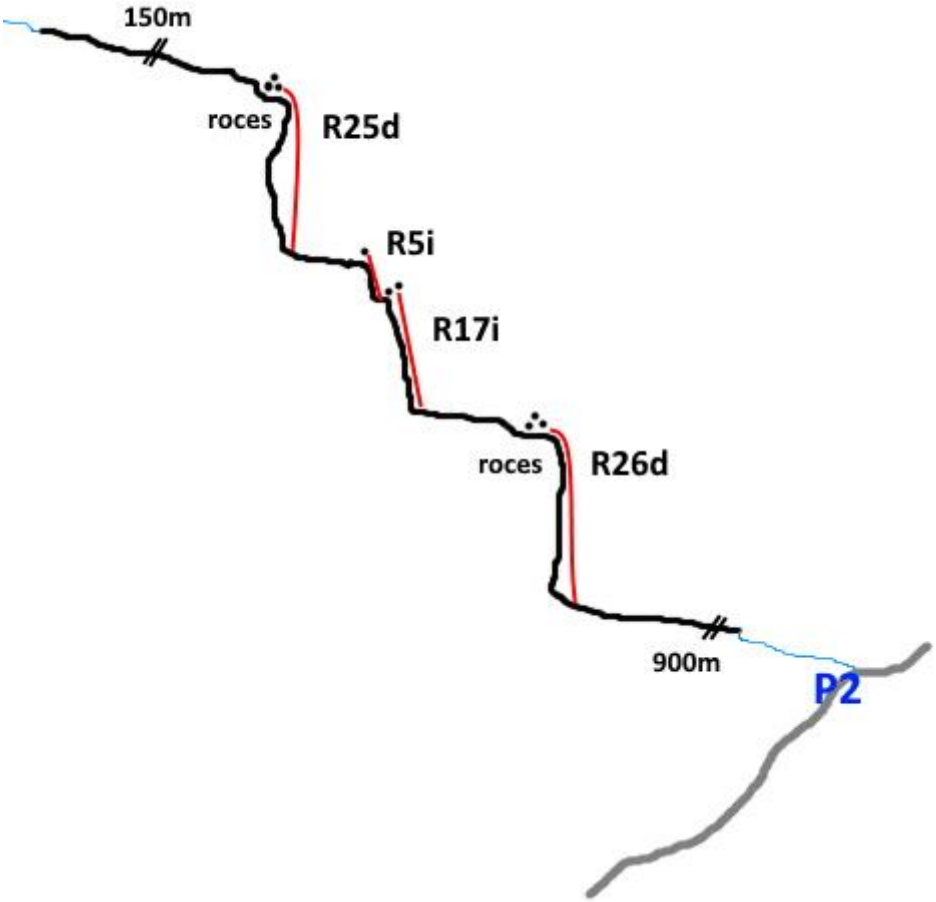

Tour: (machine translated)
Only 4 rappels, first and last longer and with overhangs.

Return: (machine translated)
After the last rappel, we follow the stream bed until we reach the parking area.
