At the height of the footbridge, you overcome a first jump of 2 m. After a short hike, you reach a 4 m long de-escalation that leads you to the first 20 m long waterfall.
Arrive in a beautiful pool that immediately opens up into a C. 23 (another beautiful pool).
After two 4 m long ledges you reach the last C.17.

Engagement
A short canyon, but already very committed at the first waterfall.
The rock is slippery and the relays are not designed for more than 5 people.

Period/water character
The water is cool all year round.
In winter this canyon is often icy and the water level is high all year round.

Notes
Full EAST exposure under the canopy of larch trees.
No visual contact in the rappels.
