Summary: (machine translated) Dry canyon in the Moles del Don, combinable with Skpat and Vent which are next to it. We will have to access by the equipped channel of Magi. Regulation of the Parc Natural del Port: http://parcsnaturals.gencat.cat/ca/ports/visiteu-nos/normes_i_consells/regulacio_dactivitats/#FW_bloc_5f7cccc7-e01b-11e3-b22a-000c29cdf219_8		
Hydrology: No		
Access: (machine translated) Location Horta de Sant Joan We will be located in Horta de Sant Joan on the T330. Access Moles del Don We will leave towards Arnes and after 100m we have the detour to the left to "Els Ports". Follow the track/road for about 6.5 kms. a track comes out on our right (180° turn) that takes us to the parking of the recreational area of the Franqueta.		
Approach: (machine translated) Approaching Patxi, Skpat and Vent By the track that goes down to the river, towards the Estrets of Arnes, soon becomes a path. From here we will have magnificent views of the Moles del Don. After leaving them behind, at the left turn of the trail we will see the Magi channel. We will look for the best place to cross the river and some milestones that lead us to the beginning of the equipped channel. It has a life line and staples for the most difficult steps. Once we leave we will have to follow south direction, here the path is lost a little, to go to look for the wall with the 3 channels, the first is ours.		
Tour: (machine translated) A first part of the route is clothed and leads us to the first rapell, from here it is a vertical and vertiginous descent.		
Return: (machine translated) Without a fixed path we go to the river, cross it where we see evident and go up to the access path.
