Summary: (machine translated) Raw data import from Ropewiki https://ropewiki.com/Drahin_(Lower) Nice little canyon, good for beginners, starts with low water and very easy rappel, and gets more and more technical, especially when the water from the Sionne joins in (about 2/3 of the final flow). At the moment (07.2022), the anchors are not in very good condition (one or two are missing, so you have to improvise on small trees), and a lot of mud is in the canyon. (machine translated)		
Hydrology: Dashing hat ein kleines Einzugsgebiet, die Sionne dagegen schon mehr, aber man kann beim Zusammenfluss der Sionne hochgehen falls es abwärts zu viel Wasser haben sollte.		
Access: Nicht weit des Austiegs der Schlucht ist ein Parkplatz mit rund 10 Plätzen.		
Approach:		
Tour: Einige Abseiler bis 15m, leider ist der Felsen nicht sehr stabil, und der Bach hat oft Murgänge, deswegen sind die Haken meistens nicht in Guten Zustand.
