easy hiking canyon, lots of bathing slippers tourists (here you quickly realize why in some areas bans are made-> see photo), upper entry is not really worth it because only in the lower part are more beautiful parts (access from the parking exit into the canyon is completely sufficient) (machine translated)

Automatisch importiert von Descente-Canyon.com für Canyon Fiumicelli La marche d'approche n'est plus entretenue depuis que la zone a été touché par un incendie. L'approche est moins évidente et nécessite un peu plus de temps. Mais de ce fait la randonnée aquatique est moins parcourue et il y avait très peu de monde par rapport à il y a quelques années.
