**Summary:** (machine translated)

Short but attractive canyon. Difficult to find access.

**Hydrology:**

**Access:** (machine translated)

You Google Earth map in Gallery

**Approach:** (machine translated)

The access is difficult to find without a local guide, a description can be found at the ropewiki link.

In the meantime, you can apparently use a newly built slope for a good part of the access.

At the houses at the beginning of the ascent, ask for a permit to climb - in Spanish!

**Tour:** (machine translated)

See video and photos in Gallery.

**Return:** (machine translated)

About 20 minutes after the last rapel, look for and find a path on the left bank that leads us - past a picnic area - back to the piste. Now up to the parking lot.
