Specialities:

Gear:
Ropes: 1x35m+1x25m+1x20m

Summary: (machine translated)
Short rappel canyon crossed by a via ferrata. This tour is a good way to round off the day after the first canyon. However, towards summer there is no water flow.

Hydrology:

Access: (machine translated)
see map section google maps under "Links"

Approach: (machine translated)
Continue on the road for approx. 200m. Then either take the attractive option via the via ferrata, which leads directly through the canyon, or the footpath on the left up towards Châtelard (signpost), which takes you to the entry point. It starts where the via ferrata exits at the top,

Tour: (machine translated)
see photo album and video under Links

Return: (machine translated)
After the rappel, there is still the opportunity to freshen up with a little rappel hop. Then turn left down to the road and right to the car.

Automatisch importiert von Descente-Canyon.com für Canyon Bellevaux Première descente de ce canyon, après les pluies de la semaine, je dirais gros débit (en comparaison avec les photos du mois d'août...)Ça passe dans l'actif mais ça bastonne un peu ^^ Équipements ok , personne dans le canyon, très court mais ça vaut le coup avec ce débit ! Descente en moins d'une heure ! (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/2138/observations.html)

Automatisch importiert von Descente-Canyon.com für Canyon Bellevaux Fait avec Jules et tibo avant les orages annoncés cet après midi. Montée par ma via fet´, avec option tyrolienne, un chouette moment avec même du soleil et de l eau :-) (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/2138/observations.html)
