Summary: (machine translated) Ribeira Funda is a beautiful canyon located in the small village of the same name. The canyon is cut to a depth and is characterized by two extremely spectacular abseils. The highest abseil point is practically at the beginning. Before this there is an emergency exit on the left. After that there is no way out! The tour exits a few meters before the Atlantic Ocean.		
Hydrology: (machine translated) The water level changes from day to day for no apparent reason. Sometimes there is a small flow right from the start, sometimes the first 200 meters are dry. At the latest at the high waterfall, various springs feed the canyon. After a very long dry season, some places in the lower area fall dry (last observed in summer 2023). At high flow, the last waterfall becomes critical, there are two glued anchors on a large boulder at the bottom for a Rappel Guidé.		
Access: (machine translated) VE2 highway from Seixal to Porto Moniz. If you only have one car, you can park in Ribeira Funda. Large groups with several vehicles should park at the exit of Seixal (see parking lot "Access and exit"), which considerably extends the access.		
Approach: (machine translated) From Ribeira Funda it is a short, easy to find hiking trail to the canyon of the same name. Get in at Funda or alternatively follow the path to Terra d'Alem, which flows into Funda.		
Tour: (machine translated) It begins with a downclimb, a small rapel and a short run. This is followed by the 60 meter high waterfall, for which there are anchor points on both the right and left banks. The anchors for the right-bank feeder to the C60 belay are very far back. Below the C60, the canyon is deeply incised, at the following C8 it becomes almost dark. This is followed by several small to medium rappels, a maximum of two jumpable. The C22 at the end is another beautiful waterfall.		
Return: (machine translated) The tour exits directly at the old coastal road on the Atlantic. Follow this road to the right for a few minutes to the parking exit. Or another 750 m to the "official" parking lot.
