Specialities:

Gear:

Summary: (machine translated)
Simple and beautiful ravine with a single rappel where we will see many times hikers / hikers who come to see the waterfall. Fattened and without water problems

Hydrology: (machine translated)
In the difficult gorget

Access: (machine translated)
Between Artesa de Segre and Isona by the L512 or the C1412b to the Coll de Comiols.
Once at the pass, turn onto the L911 to Toló and Perolet. After the p.k. 6 we have on the right the detour to Merea (3kms). We will arrive at the village, pass it and continue along the track to the bridge over the river, on the right and left there is a place to park.

Approach: (machine translated)
We will return to Merea and along the access "road" we will continue walking (from the parking is 1.5 km). It is just when the forest opens on our left and we have some fields where we can go down to the riverbed. We can continue up the riverbed or get into this area.

Tour: (machine translated)
A gorge with beautiful formations and no major difficulties except for the final 18m rappel.

Return: (machine translated)
We will go out to the bridge where we have parked

Coordinates:
Canyon Start 42.0563 1.0655
