Summary: (machine translated)
One of the 5-6 parts that can be canyoned in the Artuby, a hiking and swim canyon that draws its charm from the scenic surroundings.

Hydrology:

Access: (machine translated)
We drive to Comps sur Artuby from the Route Napoleon Grasse - Castellane. We drive 44 km from Grasse and 19 km from Castellane (opposite direction) as far as the group of houses known as Le Logis du Pin. Here we turn south at the traffic circle onto the D21 and reach Comps sur Artuby after 17 km. Either from the center of the village or, even better, from the picnic area on the southern edge of the village, we head for the sewage treatment plant (the street name is Rue des Templiers further down), which is located to the east below the village. We park our car here.
A shuttle would be possible, but makes no sense.

Approach: (machine translated)
We go back along the road for about 130m and then turn right onto a path that goes NE and leads us down into the valley of the Artuby. We come across a small road. Since an access to the stream, which could be done most quickly to the right, led there over private land, it makes sense to turn left on the road and then after a few meters look for the access to the stream by the trees at the northern edge of the meadow.

Tour: (machine translated)
Initially longer running distances, after the only real step also swimming distances until the exit of the tour.

Return: (machine translated)
Before the "Mauvais Pont" (bad bridge) we climb up to the right to the path that leads over this bridge. On this right up to the sewage treatment plant.

Automatisch importiert von Descente-Canyon.com für Canyon Artuby de Comps Très belle rando aquatique, de nombreux sauts jusqu'à 8/9m, surtout vers la fin (+ le saut du pont bien sur). Tout se contourne, ce weekend on a pu se laisser glisser dans la vasque siphon mais à surveiller car ca tourne fort quand même.. Sous-estimé selon moi !
