Also known as Barranco de Igoroin, it is a short ravine with two waterfalls that we can combine in a while. Quick and comfortable access, with a no less pleasant return.

Hydrology: (machine translated)
Not in the waterfalls

Access: (machine translated)
On the A1 from Vitoria to Donosti, take exit 379 (Salvatierra) and at the bridge turn left onto the A-2128 to Opakua.
We will pass Opakua and its pass, to soon find a detour to the right to Maeztu on the A3114. We will continue along this road to the village of Erroitegi. We will turn right towards Onraita. Just 200m from the exit of the village we will find a track on our left, where we will go to the height of the hut.

From the hut we follow the PR that takes us to the waterfalls, first the left one, higher but less flowing, and then the right one.
